Thanks Bill,

Can you confirm for me that Sam and Kell will be working out of the JFO?
Or will they be working out of the state EOC?

Curtis,

Just stopped by the JFO, but didn't see your email until just now. I'm over at the state EOC now, but will be back at the JFO later today and will look you up.

My cell is 214-551-3619.

Bill Honker
Director, Water Division
EPA Region 6

Copy. If you like coffee I recommend bringing some with you in the morning. Limited coffee options here at the JFO.

Just met with the Deputy Chief of
Staff and Logistics. DCOS knows
Kell and Bill are coming.

Space is very tight here today but

I did get a shared office space for you that is adjacent to the senior leadership space. USACE and NWS forecasters are sharing the space.

It's not ideal but it's the best they have today. I'll keep an eye out to see if more space opens up, but the good news is that it's very close to the JFO leadership. The other agency senior officials seem to be spread around.

The facility is a former golfing center just off the highway. The parking lots at 7:00 am were already full so people are parking on the grass.

I'm embedded in the Joint Information Center across from the office I reserved for you, and working to get into the information stream.

Honker Contact Info

Thanks Bill. I really appreciate your communication. I am now coming in on Wednesday night but I have a heavy lift with me(Sam is joining me). Look forward to working together.
